Spring Newsletter 2016.

Welcome to the spring newsletter. We managed to escape with a fairly mild winter once more. To the right is a picture of our garden in January with cyclamen and roses in flower. Although we all suffered from many winds, most of which were classed as storms and given names such as storm Desmond in December. Desmond was one of the more damaging storms and brought many older fences down. This resulted in the first 3 months of 2016 being unseasonally busy as we repaired and replaced many fences week in week out.

Fencing:-

To the left is an example of a beautiful arch and a custom made curved trellis which we installed for a Client who has a real eye for detail and inspiration which has resulted in the most beautiful garden.

Below a fine pair of custom made Herringbone panels we supplied and installed for a Client. It's the first time we have installed this type of panel and I was grateful for the Client in trusting us with this opportunity. It all worked out remarkably well and we were all delighted with the results! And many thanks to Gary for helping at the last minute with the job as I had underestimated just how heavy each panel would be due to being boarded on both sides.

Above boarded from inside the garden.

And boarded from outside the garden.

Antony Turnbull (City & Guilds Horticulture, LANTRA) Trading as Lawn Care and Garden Services. Est. 2009.

◆ Fencing ◆ Garden gates

◆ Hedge Trimming ◆ Pruning ◆ Tree work – chainsaw work and small tree (up to 5 metres) felling
◆ Lawns • aeration • mowing • mulch mowing • scarifying • over-seeding and top dressing

And here is an example of a round top 0.9m high picket fence which we supplied and installed at a fine house in Gosforth. The existing fence was black with a pointed top and had seen many years of trusty service. The change to round top in brown was well received and fits in beautifully to the surrounding environment.

Business changes have taken place over the winter and have streamlined our offerings to:- fencing, lawn care and pruning / tree work. We will no longer offer:- lawn installation, regular garden maintenance and landscaping to new Clients.

Team change, we wish a fond farewell to Gary and give our thanks for all of the hard work he has undertaken over the past few years to help improve Client's gardens.

Berlin Marathon. Our son James is running the Berlin marathon in September, which will involve a lot of hard training in the coming months. James is raising donations for Prostate Cancer in memory of his grandfather Les. Anyone wishing to make a donation is welcome to do so using the JustGiving.co.uk website.

On the subject of websites, a new style of website was recently released ending in “.uk”. So as well as our “.co.uk” website we have also taken on the new look “.uk” and the address is:- www.antonyturnbull.uk

Happy gardening!
Tony
